TO WHOM IT MAY CONCERN

Sri Indranil Aditya, s/o of Shri Digbijoy Aditya have carried out professional photography for the Virtual Museum module of the Project OCBIS of Geological Survey of India. He has taken both 3D and 2D photographs of natural specimens like rocks, minerals and fossils in CHQ, Kolkata campus as well as 2D photographs of core samples at GSI, SR, Hyderabad campus from 28th July, 2016 to 4th August, 2017. His patience, subject knowledge, immaculate photography, punctuality and perfect professional attitude is absolutely praise worthy. Sri Indranil Aditya will surely attain high goals in any academic as well as any professional organization.

I wish him every success in life.
